

Dr MIRA PETER

Publications on phonology, gestures, and language

Treffner, P. J., Peter, M., & Kleidon, M. (2008). Gestures and phases: The dynamics of speech-hand communication. *Ecological Psychology*, 20, 32-64. [Try experiment here](#).

Treffner, P. J., & Peter, M. (2003). Intention and attention in gestural coordination: Asymmetric HKB model. In S. Rogers and J. Effken (Eds.), *Studies in perception and action VII* (pp. 73-78). Mahwah, NJ: Erlbaum.

Treffner, P. J., & Peter, M. (2002). Intentional and attentional dynamics of speech-hand coordination. *Human Movement Science*, 21, 641-697.

Oney, B., Peter, M., & Katz, L. (1997). Phonological processing in printed word recognition: Effects of age and writing system. *Scientific Studies of Reading*, 1, 65-83.

Lukatela, G., Carello, C., Peter, M., Lukatela, K., & Turvey, M.T. (1996). Visual and associative factors in processing Serbo-Croatian words. *European Journal of Cognitive Psychology*, 8 (4), 321-339.

Carello, C., Lukatela, G., Peter, M., & Turvey, M.T. (1995). Effects of association, frequency, and stimulus quality on naming words in the presence or absence of pseudowords. *Memory & Cognition*, 23, 289-300.

Katz, L., Rexer, K., & Peter, M. (1995). Case morphology and thematic role in word recognition. In L. Feldman (Ed.), *Morphological Aspects of Language Processing*, (pp. 79-107). Hillsdale, NJ: Erlbaum.

Peter, M., & Turvey, M.T. (1994). Phonological codes are early sources of constraint in visual semantic categorisation. *Perception & Psychophysics*, 55, 497-504.

Pugh, K., Rexer, K., Peter, M., & Katz, L. (1994). Neighbourhood effects in visual word recognition: Effects of letter delay and nonword context difficulty. *Journal of Experimental Psychology: Learning, Memory, and Cognition*, 20, 639-648.

Peter, M., Lukatela, G., & Turvey, M. T. (1990). Phonological priming: Failure to replicate in the rapid naming task. *Bulletin of the Psychonomic Society*, 28, 389-392.
